

why choose

Senderra?

01

Senderra Does the Heavy Lifting

We work WITH you and your staff to lighten the administrative burden associated with acquiring Specialty Medications for your patients, creating operational efficiencies leading to enhanced practice productivity. Senderra's team of highly skilled Prior Authorization Specialists have high success rates relentlessly pursuing burdensome PA Approvals and Appeals. We submit, follow-up and work the PA through completion, and if necessary, facilitate the appeal process. Our team performs all of these services even if we have to transfer the patient's Rx to an insurance mandated Specialty Pharmacy. We communicate with you every step of the way.

02

Positive Patient Outcomes

When Senderra "touches" the medication, there is a high likelihood that your patient will receive the prescribed medication, no matter who the fulfilling Specialty Pharmacy is (Senderra or an insurance mandated pharmacy). Enhanced pharmacy services allow our staff to follow up with patients and pharmacies until we are absolutely certain the patient has received delivery of the Rx.

03

In-House Financial Assistance Department

Our Funding department offers solutions for financially challenged patients by researching available opportunities to utilize public/private Foundation provided Funds (subject to availability) as well as screening for Manufacturer Patient Assistance Programs and State / Federal Subsidies (LIS).

LOW "OUT OF POCKET" AVERAGE PATIENT COST = \$16 per month (includes Commercial Payers, Medicare Part-D, Foundation Assistance)
Industry National Average = \$171 per month

04

Senderra Patients Stay on Their Medication Longer

Senderra 180 Day MPR (Medication Possession Ratio after 6 months). Immunology : 93% of patients are still on their medication
Osteoporosis : 92% of patients are still on their medication

05

Industry Leading Technology Platform

Our invaluable online Provider Portal provides full access to patients' profile and is a time-saving tool allowing you to onboard patients, check status and perform pharmacy transactions w/o having to fax or get on a phone.

06

Patient Support Programs

Seamless patient enrollments into Copay Card programs and manufacturer provided Patient Support and Nursing services.

07

Dedicated & Dependable Account Managers

Senderra provides you with a mutually vested, personal point of contact to support, guide and assist your practice throughout the entire specialty medication acquisition process.

08
