

# WHY CHOOSE SENDERRA

Specialty Pharmacy

## SENDERRA DOES THE HEAVY LIFTING

We partner with your team to ease the administrative burden of obtaining specialty medications, boosting practice productivity. Senderra's expert Prior Authorization Specialists achieve high success rates by handling PAs and appeals, including drafting compelling Letters of Medical Necessity. Even when transferring an Rx to an insurance-mandated pharmacy, we manage the process and keep you informed at every step.

## POSITIVE PATIENT OUTCOMES

When Senderra "touches" the medication, there is a high likelihood that your patient will receive the prescribed medication, no matter who the fulfilling Specialty Pharmacy is (Senderra or an insurance mandated pharmacy). Enhanced pharmacy services allow our staff to follow up with patients and pharmacies until we are absolutely certain the patient has received delivery of the Rx.

## IN-HOUSE FINANCIAL ASSISTANCE DEPARTMENT

Our Funding department offers solutions for financially challenged patients by researching available opportunities to utilize public/private Foundation provided Funds (subject to availability) as well as screening for Manufacturer Patient Assistance Programs and State / Federal Subsidies (LIS).

## SENDERRA PATIENTS STAY ON THEIR MEDICATIONS LONGER

Senderra 180 Day MPR (Medication Possession Ratio after 6 months)

Immunology: 93% of patients are still on their medication

Osteoporosis: 92% of patients are still on their medication

## INDUSTRY LEADING TECHNOLOGY PLATFORM

Our invaluable online Provider Portal provides full access to patients' profiles and is a time-saving tool that allows you to onboard patients, check their status, and perform pharmacy transactions without having to fax or get on a phone.

## PATIENT SUPPORT PROGRAMS

Seamless patient enrollments into Copay Card programs for commercially insured patients and manufacturer-provided Patient Support & Nursing services.

## DEDICATED & DEPENDABLE ACCOUNT MANAGERS

Senderra provides you with a mutually vested, personal point of contact to support, guide and assist your practice throughout the entire specialty medication acquisition process.

## PATIENTS & OFFICES LOVE US

Senderra offers digital onboarding and SMS text messaging for our patients through SenderraCare+ and 95% of our patients give us a 5-star rating!

Additionally, over 2,500 providers have joined our SenderraCare+ Network, allowing patients of those providers to be automatically enrolled in the program. Our dedication to serving patients and providers nationwide earned us a spot on the prestigious Inc. 5000 list of fastest-growing companies.
